

FIRST ANNOUNCEMENT

7th International Workshop & Summer School on Plasma Physics

at Black Sea

26 June - 2 July 2016
Kiten, Bulgaria

INVITATION

You are cordially invited to participate in the Seventh International Workshop & Summer School on Plasma Physics at Black Sea from Sunday, 26th June to Sunday, 2nd July 2016.

GENERAL INFORMATION

Summer School: The school would bring together leading researchers in the field of Plasma Physics to give lecture on their specialties to advanced graduate students, postgraduate students and young scientists in the form of a one-week intensive course.

Scientists experienced in other disciplines who have recently entered the fields of plasma physics or nuclear fusion will also benefit from the school, which provides an overview of the various interconnected research domains and describes the latest developments. Graduates and teachers of science are welcome, as is anyone with an interest in the subject.

The 40-minute key lectures will be given by senior physicists in their field. Participants (PhD, Master students and young scientists) are strongly encouraged to present their own work during the afternoon sessions as 20-minute oral presentations or as posters.

SCIENTIFIC PROGRAM

TOPICS

- *Fusion Plasma and Materials*
- *Plasma Modeling and Fundamentals*
- *Plasma Sources, Diagnostics and Technology*

The official language of the Workshop and the Summer School is English.
